

The garden in the spotlight. And we're at the controls.

Lighting, audio and media technology for your appearance at Giardina, 11.–15.03.26 in Zurich.

We support your appearance at Giardina – with technology that stays in the background and impact that lasts. Whether it's lighting, sound or media integration: we'll ensure your garden space is staged to perfection. Our services:

Lighting

Atmospheric lighting solutions for visual impact and orientation.

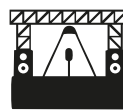

Audio

Discreet sound systems for clear, comfortable acoustics.

Media

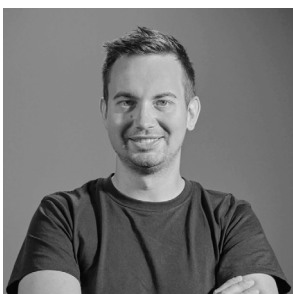

High-resolution displays for dynamic visuals and digital content.

Technical Integration

Coherent, fully integrated systems – precisely planned and smoothly implemented.

With years of experience in the exhibition sector, we provide full technical support – from detailed planning to on-site execution. Reliable. Flexible. On point.
